# Eclipse Marketplace

**Step 1:** Open Eclipse IDE or Spring tool suite and in the task bar click on Help.

**Step 2:** Inside the Help click on Eclipse Marketplace and the Eclipse Marketplace window will open.

Step 3: In the Eclipse Marketplace window go to the search bar and enter the solution you want to install and click on install.

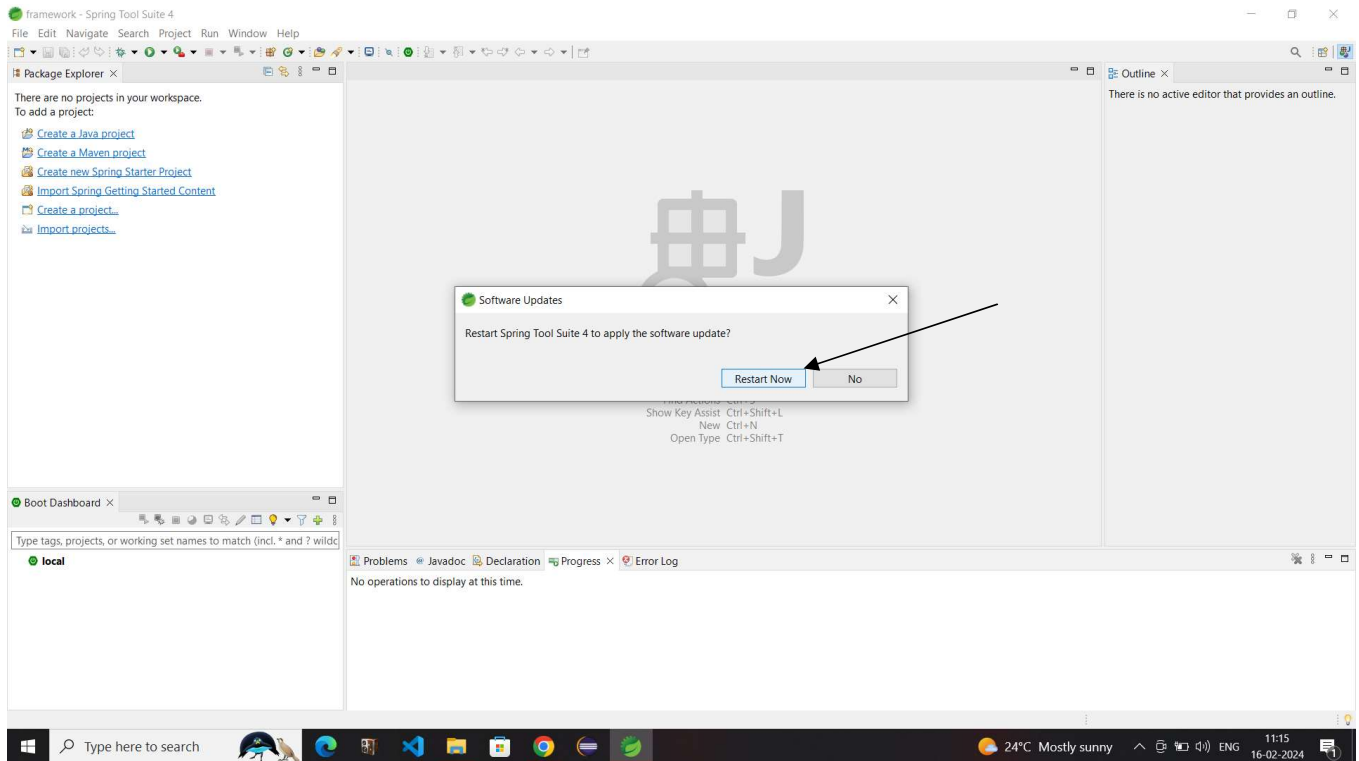

Step 4: Checkout the checkbox to add the features and click on confirm.
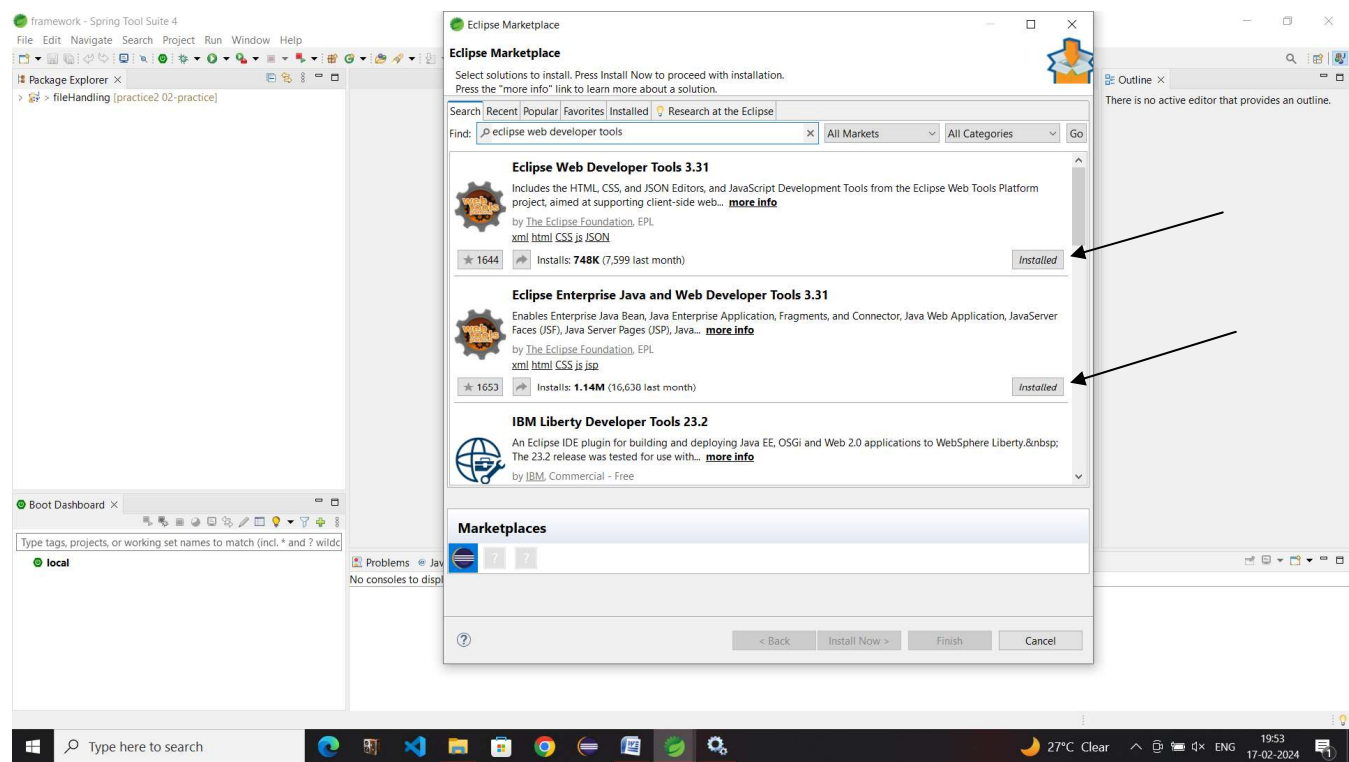

Step 5: Accept the terms and conditions and click on finish.

Step 6: Wait until the feature gets downloaded and installed after installing the IDE will ask you to restart to use the feature you have downloaded, so click on restart and restart the Eclipse or STS.

Step 7: Now you can see the feature as been installed.
